WHY A BOND ISSUE?

A CATECHISM ON THE WHYS AND WHEREFORES OF THE BONDS.

WM. HIRTH IS TO SPEAK

Will Make a Talk On the Road Proposition at the Chautauqua Two Days Before Election.

Wm. Hirth of Columbia, president of the Missouri Commercial clubs and publisher of the Missouri Farmer, will speak on good roads and what they mean to community on Tuesday afternoon, August 12, at the Maryville Chautauqua. The speech will probably be given about 4 o'clock that afternoon. This will be just two days before the election day, which is Thursday, August 14.

The following is a catechism of the bond issue:

Q.—What is the amount of the bonds to be issued?

A.—$50,000.

Q.—When is the election to be held?

A.—Thursday, August 14.

Q.—What rate of interest will the bond issue draw?

A.—Not more than 6 per cent.

Q.—How long will the bonds run?

A.—For fifteen years.

Q.—How will the money be used?

A.—For the construction of permanent roads, particularly the building of concrete culverts.

Q.—Under whose direction will the work be done?

A.—The township board and the county highway engineer.

Q.—How will the money be disbursed?

A.—By warrants issued by the township trustee on accounts approved by the county court and the highway engineer.

Q.—How are contracts let?

A.—The county highway engineer prepares a blueprint and estimate on each separate job. The blueprint and estimate are filed with the county court and will be used in making requisition on the state treasurer for an amount of money equal to that expended by the township.

Q.—Why is this done?

A.—The state agrees to furnish an amount equal to that spent by the township for permanent road work.

Q.—When do we get this money from the state?

A.—We get the money as soon as it is collected by the state from the automobile and stamp taxes. The money is appropriated from time to time as it accumulates. Recently the county has received $1,906 on requisitions made by Union and Hughes townships.

Q.—What will the tax on these bonds amount to per year on each acre of land in this township?

A.—Two and a half cents.

Q.—Will the permanent road work cover the entire township?

A.—Yes.

Q.—While we are voting only $50,000 in bonds will it really provide $100,000 for permanent road work?

A.—Yes, except that it will probably be several years before all of the $50,000 from the state will be received.

CHAUTAUQUA AT HOPKINS.

Will Open On Wednesday For a Five Days' Session—One at Burlington Junction on Thursday.

The Chautauqua will begin at Hopkins on Wednesday in the new Hopkins park and all arrangements are completed for the opening of the five days' assembly. The program for the first day consists of music by the Anitas singing orchestra and a lecture by Fred J. Clark, his subject to be "The Human Yardstick." This will be in the afternoon, and at the close of the program an organization of Seton India work for the children and preparation for the jaunts and games. The evening program Wednesday will be given by the Anitas singing orchestra, consisting of vocal and instrumental music.

The Chautauqua on Wednesday evening will be attended by a number of people from Maryville who are to go to that place to advertise the Maryville Chautauqua, to be held August 9 to 17.

The assembly at Hopkins is put on by the Vawter system.

The Burlington Junction Chautauqua will open on Thursday for a five days' session. The same company that is putting on the Chautauqua at Hopkins is furnishing the program at the Junction.

H. C. Bower of the Bower hardware store received word Monday evening of the death of his mother, Mrs. T. S. Bower at Council Bluffs, Ia., on Monday evening at 5:30 o'clock. The funeral services will be held at Shenandoah, Ia., on Thursday afternoon at 2:30 o'clock at the Methodist church, the services to be conducted by Rev. A. E. Griffith, a former pastor of the church. Mr. Bower will leave Wednesday evening for Shenandoah to attend the services and Mrs. Bower will go Thursday morning. Mrs. Bower was 72 years old.

CAR CAUGHT FIRE.

Front Part of Automobile Destroyed in Fire On Monday Night.

The car of "Doc" Thompson caught fire Monday night while he was driving it in the country, and was badly damaged. The engine began to backfire and the sparks ignited a rag, which had become soaked with gasoline, that was wrapped around the carburator to keep out the dust. The flames from the rag set fire to the engine and body of the car, and before it could be put out the front part of the body had been destroyed. The car was an old Reo. The engine is not damaged beyond repair.

SUES INSURANCE COMPANY.

Mrs. Laura E. Cloud Seeking $1,500 From Accident Insurance Company.

A suit was filed on Tuesday by Wright & Ford for Mrs. Laura E. Cloud against the Royal Casualty Insurance company for $1,500 damages. The petition states that the plaintiff met with an accident while the insurance policy was in force, and that she is entitled to $50 a month for thirty months, according to the terms of the policy. The accident happened May 14, 1910.

W. E. Bell and Miss Sarah Yancey of Liberty, Mo., who have been guests of Mr. and Mrs. Albert E. Bell, left for their home Tuesday morning.

Miss Grace Murray of Ridgeway, who has been spending a few days with Miss Maud Frost, a State Normal student, returned home Monday.

LECTURES FRIDAY

SPECIAL ALFALFA TALKS ON DEMONSTRATION FIELDS.

75 PROMISES FOR ONE

Interest in Subject Continues to Grow—Six Lectures to Be Given by Men On Burlington's Special.

Arrangements are completed by the Commercial club for alfalfa day in Maryville, on Friday, August 1. The special will arrive in the city at 4 o'clock in the afternoon, coming here from Barnard, and will leave the city at 6 o'clock for Hopkins, where they will spend two hours. The alfalfa special left Osceola, Ia., on Monday and are making stops at a number of towns in Southwestern Iowa and Northwestern Missouri.

The special is in charge of the Burlington railroad, who is carrying on the alfalfa campaign in co-operation with the state agricultural college and the extension division of the International Harvester company. They are urging that alfalfa should be grown on every farm as it is the most valuable forage crop and as it enriches the land.

There are to be six lectures on the special train that arrives here, and alfalfa lectures will be given at six places close to Maryville between 4 and 5:30 o'clock on that day.

P. G. Holden of Iowa is one of the lecturers and the community or neighborhood that secures the largest number of promises from the farmers to attend that meeting will be the one that will secure Holden. One community has seventy-five promises and another one thirty-six.

The places where the alfalfa lectures and demonstrations will be held are as follows:

Normal farm at end of Prather avenue.

Elmer Fraser farm, three miles east of the city.

I. V. Moore farm, in the Harmony church community.

Harry Wamsley farm, six miles south and a half mile east of Maryville.

A. J. Holt farm, one mile west and one mile south of Wilcox.

John S. Miller farm, in the Rockford neighborhood.

Elmer Fraser, who has been raising alfalfa for some time, will have demonstrations of his own on that day and has invited all to come to his farm after 2 o'clock that afternoon to see his crop.

The special is also to be in Clearmont, Burlington Junction, Quitman and Skidmore on Wednesday, August 6.

W. W. NEWLON VERY ILL.

Former Banker of Nodaway County in Critical Condition at His Home in California From Ulcerated Tooth.

Mrs. J. V. Embree, living southwest of Maryville, has been receiving word daily for the last two weeks regarding the condition of her brother, William W. Newlon of Pacific Grove, Cal., who is critically ill from the effects of an ulcerated tooth. Abscesses formed all over his body from the tooth and do not yield to treatment. It is not thought he can recover. His son, Harry Newlon of San Francisco, has been with his father several days. Mr. Newlon has one other child, Mrs. Anna Cooper, who lives in Pacific Grove.

Mr. Newlon was for quite a number of years in the banking business in Nodaway county. He was with the First National bank of this city, then with the Jackson bank at Clearmont, and later with one of the banks in Burlington Junction. He went to California about seventeen years ago. He will be well remembered by the older residents of this city.

ON "PERSONALITY"

A CHARMING LECTURE ON THAT SUBJECT TUESDAY MORNING.

SAYS IT'S GREAT ASSET

Dr. Winship Will Speak Tuesday Night in the Christian Church On "Getting in the Game."

Dr. A. E. Winship of Boston gave his third lecture at the Normal this morning. It was on "The Personal Element in Life," and in it Dr. Winship brought out as the main thought the fact that personality is developed, not born in people. He went on to say in part:

"The thought common among people is that personality is born with certain persons, when, in fact, it is a thing they have developed to a greater or less degree. It is like the girl or woman who always appears so neat and attractive. It seems unnecessary that she should look in the glass, when in reality she does so more than others do. So the greatest personalities are those that have been developed the most. The personal element is the greatest factor in education, and it behooves the teacher to develop his personality to the utmost."

Dr. Winship showed that personality is not solely a human attribute, but extends to other things. He called attention to the personality of the city of Chicago. Chicago has gained this attribute by deliberately building for it. For instance, although it is the greatest railroad center in the country, everyone who goes through the city is compelled to change cars there. This makes many people acquainted with Chicago who would not be otherwise, and helps to make it the important city that it is.

The speaker also brought out the fact that strong personalities are dominating, but he showed that dominating and domineering are two different things. The former is a worthy thing, but the latter should be avoided.

Dr. Winship will lecture at 8 o'clock tonight in the Christian church, as announced yesterday. His subject will be "Getting Into the Game." The lecture will be free, and should draw a large attendance.

THE ROSS FUNERAL.

Services Held Tuesday Afternoon by Rev. S. D. Harkness—Interment in Miriam Cemetery.

The funeral services for Miss Ethel Ross, who died Sunday afternoon in the Wesley hospital at Kansas City, were held Tuesday afternoon at 2 o'clock at the home of Mr. and Mrs. S. H. Kemp, conducted by Rev. S. D. Harkness of the First Presbyterian church.

A quartet composed of Miss Marie Jones, Miss Jeannette Mutz, Mr. Harry Mutz and Mr. P. O. Landon, with Miss Lucile Airy at the piano, gave the music.

Interment took place in Miriam cemetery, by the bodies of the mother and a sister of the deceased. The pallbearers were Mr. F. P. Robinson, Mr. Clive C. Graves, Mr. Edward W. Keck, Dr. Harry L. Stinson, Dr. Earl C. Braniger and Mr. LeGrand Gann.

The services were well attended by old Maryville friends of Miss Ross and her family and two friends from Kansas City were here, Mr. R. L. Bishop and Mrs. E. A. Hill, formerly Miss Glen Lucas of this city.

New Steel Ceiling for Church.

The ice cream social given Saturday night at Bedison by the Christian church there cleared $22.40. This amount will be used toward a new steel ceiling for the church building.

OVERDROVE A TEAM OF HORSES.

Tom Wharton Arrested at Conception by Gabe Purcell and Now in the County Jail.

Constable Gabe Purcell of Conception Junction arrested Tom Wharton Monday night, charged with overdriving a team of horses. He was brought to Maryville and is now in the county jail and will be arraigned at the September term of circuit court.

The man secured the livery team from the McCullough livery stable in Stanberry Monday afternoon about 1:30 o'clock. He said to the proprietor of the barn that he was going to the John Allen farm, near Clyde. The livery stable man warned him not to drive hard or fast as it was a hot day. A man by the name of Cunningham of near Stanberry accompanied Wharton on the trip, and it is said that the team was badly used.

Mr. McCullough heard of the team being used badly and left Stanberry in a car and drove to John Allen's place. There he saw the team. He took Wharton to task, and in the encounter Wharton drew a knife and cut McCullough on the breast and also on the face. This was about 9 o'clock last night.

TO MAKE RUN TO HOPKINS.

The Second Day's Tour to Be to Pickering and Hopkins by the Boosters.

The second day's tour of the auto boosters for the purpose of advertising the Maryville Chautauqua, August 9 to 17, will be to Pickering and Hopkins. The party will leave Maryville at 6:15 o'clock in the evening and the band will be taken along to give music at both of the towns.

At Hopkins the Maryville party will attend the Hopkins Chautauqua, which will be their first day.

The first tour of the boosters was made this afternoon and they went to Ravenwood, Parnell and Sheridan. They left Maryville about supper time and took along their lunches, which will be eaten on the way. The band was also taken along.

The schedule for the other day tours have not as yet been arranged. But each town in the county will be visited.

The tours are being made in the evening on account of being more pleasant, and as more can go at that time on account of the day's work being over.

G. T. ORME DEAD.

Body Brought to Maryville Tuesday From St. Joseph For Burial—Resided Here Several Years.

The body of G. T. Orme of St. Joseph, who died Saturday after a long illness of a complication of diseases, was brought to Maryville Tuesday noon for burial. A brief burial service was held at Miriam cemetery at 12:30 o'clock, conducted by Rev. S. D. Harkness of the First Presbyterian church, where a son, Frank Orme, who died twelve years ago in Maryville, and a daughter, Mrs. Louella Frymier, who died seven years ago in St. Joseph, are buried. Accompanying the body from St. Joseph were the widow of the deceased, and the three surviving children, Misses Nellie and Myrtle Orme and Mrs. J. M. Dew, and Mr. Dew, also a brother, J. E. Orme of Chariton, Ia. The Orme family moved from Maryville to St. Joseph about seven years ago.

Funeral services were held at the family home in St. Joseph Monday morning. Mr. Orme was 65 years old, had been district organizer for the Knights and Ladies of Security for a good many years. He is also survived by a sister, Mrs. Margaret Houston of Pickering, and two brothers, Nathaniel Orme of Hopkins and J. E. Orme of Chariton.

Relatives present at the burial services were Mr. and Mrs. N. Orme, Mrs. F. H. Orme, Everett Orme, Mrs. J. E. Orme, Mrs. William Pettyjohn and Henry A. Russell and family of Hopkins, Mr. and Mrs. Albert Orme of Barnard; Mr. and Mrs. Edgar Houston and Mrs. Margaret Houston of Pickering, Mr. and Mrs. Albert Gorton of Maryville, and Rev. and Mrs. J. A. Carmichael of Mt. Ayr.

To Mark Hanna's Son's Sale.

Harold Bellows left Sunday morning for Chicago to attend the closing out sale of Shorthorn cattle that will be held there on two days of this week by Dan Hanna of Ravenna, O. This will be one of the most notable cattle sals held in the country. Mr. Hanna is a son of the late Mark Hanna of Ohio, the national Republican party dictator for a number of years.

DR. NEELEY AGAIN

STATE'S ATTORNEY IS AFTER HIM SECOND TIME.

STILL HAS WIFE NO. 2

Elmo Physician Failed to Keep Word Made With Wife No. 1 in Supposed Reconciliation.

Dr. J. E. Neeley of Elmo was arrested Tuesday morning by Sheriff Ed Wallace on a charge of bigamy. Sheriff Wallace and Dr. Neeley came to Maryville in Mr. Neeley's car this afternoon.

The information against Dr. Neeley was issued by Prosecuting Attorney George Pat Wright.

A bigamy charge against the Elmo physician was dismissed on June 21 by Mr. Wright, as at that time he had assurances that a reconciliation had been effected between Mrs. Neeley No. 1 and the doctor, and then Mrs. Neeley requested that the charge be dropped. The conference between Dr. Neeley and Mrs. Neeley No. 1 took place in the office of Mr. Wright in his presence, and at that meeting the doctor agreed to do a number of things. Also at that time Mrs. Neeley No. 2 was away and had been for a month or so.

After the conference Dr. Neeley returned to Elmo and Mrs. Neeley No. 2 to Calhoun, in Henry county, Mo. She was to move to Elmo within a few weeks. But a few weeks ago Mrs. Neeley No. 2 appeared again at Elmo and lived with the doctor. About a week ago Dr. Neeley took Mrs. Neeley No. 2, it is said, to Clarinda, Ia., and since that time she has been away from Elmo. It is understood that she was taken away as considerable talk was being done by the Elmo people. And moreover, it was said that the doctor failed to live up to his agreement and was doing nothing toward a reconciliation with Mrs. Neeley No. 1. So an information was issued and the case will come up at the September term of circuit court.

Dr Neeley married his first wife twenty years ago. After living with her up to a few years ago he came to Nodaway county and settled at Conception Junction. At that place he married a woman he had known for some time, and who had worked for him in Henry county, Missouri. The second marriage took place in Maryville about a year or so ago. Dr. Neeley was always of the opinion that he had been divorced from his first wife. At least he saw it in a Henry county paper. That's the reason he married again, he said. But it developed that he was not divorced and that he had two wives. His first wife instituted proceedings against him at once in this county, charging him with bigamy. The case was dismissed in June.

Dr. Neeley left Conception Junction and moved to Elmo, where he has been located for some time.

Dr. Neeley gave bond for $500 for his appearance at the preliminary hearing, which will be on August 7, before Justice of the Peace R. L. McDougal. Dr. Neeley's attorneys are Cook, Cummins & Dawson.

DR. THOMPSON IN THE CITY.

It is Reported That He is Slated For the Superintendency of St. Joseph Hospital.

Dr. George B. Thompson of St. Joseph was in Maryville Tuesday. The report i sthat he is slated for the superintendency of the state hospital No. 2 at St. Joseph. Dr. Pettijohn, the present superintendent, does not go out of office until June, 1914. Dr. Thompson called upon George B. Baker, who is a member of the board of managers of that institution.

BOY IS STILL UNCONSCIOUS.

Ravenwood Lad Who Fell On Rock is Still in Critical Condition at Hospital Here.

Clarence Marker, the boy who fell from his bicycle near Ravenwood Sunday afternoon and struck his head on a rock, is still unconscious at St. Francis hospital. The blow caused a concussion of the brain, and when Dr. Leslie Dean operated this morning he drew an ounce of fluid from the spinal cord.

POLITICAL NOTES.

(From the Democratic Bureau.)

August 20 and 21 will be good roads days in Missouri. Business men who are unable to spend the days on the highways should hire substitutes. Governor Major, who believes hard work will get better results than hot air will set the pace by wielding a pick and shovel at the head of a crew of Cole county volunteers. The governor was raised on a farm. He knows the need of good roads and their value to both business men and farmers and is proud of the fact that more money will be spent by the state in the cause of better highways during his administration than during any two other administrations in the history of Missouri.

* * *

Republicans everywhere are very much annoyed at their failure to disturb the harmonious spirit characteristic of Missouri Democrats in recent months. With the national and state administrations measuring up to every platform pledge and aggressively carrying out progressive policies for which the party has so earnestly contended, there is every incentive to boost and no occasion whatever for strife.

SHAKESPEARE OF JAPAN.

Born Century Later Than Bard of Avon He is Still Power.

This title is applied by his countrymen to Chikamatsu Monzaemon, who, born nearly a century later than Shakespeare, is credited with being both the creator of the Japanese drama and the most prominent figure in its history. His plays, of which the fifty-one still in existence are said to be only a portion, were first written for a marionette theater at Osaka. While they cover a wide range of subjects, the author seems to have had a perdilection for tragic episodes. These facts and those which follow are gathered from an article by H. Kazumi in the Japan Magazine (Tokio, June).

Chikamtasu's origin and early youth, we read, are still involved in some obscurity, but most of his biographers agree that he was born in 1653, of samurai stock, in the little village of Hagi, in Chosu, and that, like the great Japanese violinist, Bakin, he afterward renounced his class and became a ronin. These ronin, or masterless samuri, says Mr. Kazumi, "were the terror of medieval Japan." Just how he came to turn his attention to play writing is not made clear, but "in 1690 we find him associated with the marionette theater in Osaka," and here "he laid the foundation of the modern stage in Japan."—Literary Digest.

THE POULTRY MITE.

Greatest Poultry Enemy During the Summer—Are Small, Transparent Insects.

H. L. Kempster of the Missouri agricultural experiment station writes as follows on the poultry mite:

Mites are the greatest poultry enemy during the summer. They are small, transparent insects that infest the poultry houses. When gorged with blood they appear red and thus are known as the red mite. Frequently they occur in large patches in cracks and dark places about the buildings.

One rarely finds them on the fowls. They remain in the house during the day and crawl on the bird at night, feeding by biting the skin and sucking the blood. They breed best in dark, damp places and multiply very rapidly.

The Missouri college of agriculture offers the following suggestions for preventing and eradicating mites. The first step is to construct a poultry house so that it has an abundance of light. There should also be a liberal amount of ventilation so that the house is perfectly dry. Windows should be screened so that sparrows cannot bring them from infested quarters. Absolute cleanliness will deprive them of places favorable for their breeding.

Application of remedies should be made to the house and roosting quarters. Scalding the roosts is not as effective as disinfecting with some of the coal tar disinfectants. Whitewashing the house, painting the roosts with creolin or kerosene oil will keep down the infection. Arranging the roosts so that the mites are unable to crawl on them, setting the ends of the roosts in oil cups, grooving the roost so it will hold oil and patent roosts are suggested remedies.

Light, dry, well ventilated quarters, kept thoroughly clean and disinfected weekly will keep them down. Close watch should be made to find the first few. It is much easier to eradicate them then than it is after the infection becomes serious.

Kindly make note of the fact that Mr Mulhall's revelations are embarrassing nobody except certain gentlemen who were serving the trusts when they should have been serving the people. Make special note of the additional fact that all these gentlemen are Republicans.

BANNER BUGGIES
Come in and Look at Them.

Let us show you the class and character of material used, the methods of construction, how BANNER BUGGIES are ironed and braced, how they are upholstered, painted and finished. Then get our prices and go and see if there is any other place you can duplicate our BANNER BUGGY values.

If you will investigate—and that's what we want you to do—we will get the business, for we can save you in your purchase, and at the same time give you style and quality that's away ahead of what others can furnish.

Come in and see for yourself. That's all we ask.

The New Sectional Fire Pot

The Acme of Perfection

The WIER Fire Pot has been entirely reconstructed; the air space back of it having been reduced one-half enlarging the diameter of the pot and increasing the amount of grate surface. This also greatly intensifies the gas burning feature which in the past has proven such a wonderful success in the WEIR.

We call particular attention to the self-cleaning feature. The ribs on the back of the pot forming the divisions of the channels or air passages are now pitched downward so that any dust or ashes which might accumulate thereon will be deflected into the ash pit. The weight of the pot has been increased considerably, all of which will assist in prolonging the life of it immeasurably. It is still built on perpendicular lines, but is now corrugated on both sides, allowing of a more equal expansion and contraction and of a grate surface exceptionally large in proportion to the bed of fuel. There is, therefore, the least liability of fuel packing, and freedom from the forming of clinkers. It is made sectional, any part being easily replaced through the feed door, and does not require taking down of the entire furnace and casing to repair it, as is the case with all other furnaces.

TARKIO MAN IN TROUBLE.

Milligan, Who Posed as a Son of David Rankin, Was Arrested in Fort Smith, Ark.

The following dispatch is from Fort Smith, Ark.:

After spending three days in playing a "Coal Oil Johnny" game, James Franklin Milligan of Tarkio, Mo., and son of a business man of Milton, Okla., was today lodged in the city jail on three charges of petit larceny.

Milligan met a crowd of picnickers at Sanbers lake Sunday and proceeded to purchase confectionery and drink stands for his new found friends. He chartered a launch and spent money at a lightning rate. On the trip home he purchased all of the supplies of a news butcher and distributed them among the picnickers. Occasionally he flashed mammoth rolls of money. On the train, officers say, he extracted $5 from a young woman's pocketbook, telling her it was a joke and that he would return it later. She says he failed to keep his promise.

Milligan represented he owned a seven passenger touring car, in which he drove about the city, but John Patterson of Fort Smith says that after he had given Milligan a check on a fake wager he found that Milligan had paid the auto hire with the check. Patterson had a hard time digging up enough money to take care of the check which Milligan said he wanted, to keep as a souvenir of the best time he had ever had in his life.

Among Milligan's acquaintances here was Mrs. Frank Manard of Butler, Mo. He started to take her and her children to a passenger station in his auto. The machine broke down and they missed the train. Milligan sent them to one of the leading hotels of the city, took possession of the woman's money, she says, for fear she would lose it, and then left them stranded.

Newspaper clippings found in Milligan's pockets show he was arrested two years ago at Council Bluffs, Ia., a few hours after he had wedded the daughter of a wealthy banker. He represented himself as a grandson of David Rankin of Tarkio, Mo., one of the leading farmers of the world. Milligan was arrested for horse stealing at that time. The arrest was made at his wedding banquet.

The clippings also state that a friend loaned Milligan sufficient funds to pay the officiating minister after Milligan found he had left his purse at home.

Defeated by Conception.

The Maryville All-Stars went down to defeat at Conception Sunday, despite the fact that the Maryville All-Stars were in Hopkins that same day and were defeated there. The team which played at Conception is a different team from that which played at Hopkins, there being too many stars for one team.

The game at Conception was a see-saw affair, and ended with Maryville holding the short end of an 8 to 7 score.

Darling started things when he hit a home run. For four innings the score stood 1 to 0 in favor of Maryville, and then in the fifth the All-Stars added four more runs to it. Conception came up strong in the sixth, tieing the score. In the eighth each team tacked up two runs, making the score 7 to 7. Luck broke unevenly in the last inning, and Conception reached the plate twice as against the All-Stars once.

The battery for the All-Stars was Conley and Wiles. Conley allowed seven hits, gave two bases on balls and hit one batter.

PICKERING ITEMS.

(By E. V. Dueker.)

The regular meeting of the Union Forum was well attended last Saturday evening. The various musical numbers were much enjoyed. Everyone enjoyed the music and pictures of the Talk Chalk company, from the cheers given Old Glory to the laugh that greeted the motto offered to the depressed. The next meeting of the Forum has been set for August 23, at which time this question will be debated: Resolved, that the California alien land law should be upheld by the United States government.

Howard Leach has been engaged to work for the Wolfers Mercantile company.

Misses Ottilia and Elfrieda Dueker are spending a few days this week at Skidmore, attending the tent meeting.

Came to Friend's Funeral.

Mrs. E. A. Hill of Kansas City, who came to attend the funeral services of Miss Ethel Ross, is the guest of her cousins, Mr. and Mrs. W. A. Bailey. Mrs. Hill, who was Miss Glen Lucas, is the daughter of Mr. and Mrs. W. F. Lucas, formerly of Maryville.

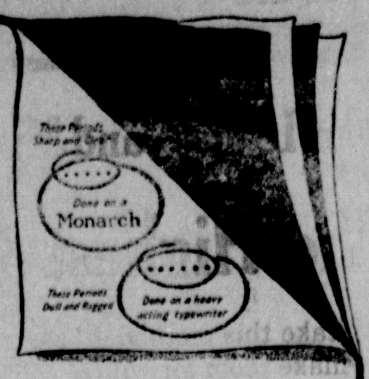
The Carbon-Copy Test that Proves the Superiority of the work produced by the Monarch.



Try this experiment: Take several sheets of writing paper with carbons between; place them on a flat surface and *drop* a lead pencil, point down, from a height of 18 or 20 inches. Note the clearness of the dot, even on the bottom sheet. Now make a dot by *pressing* the pencil into the paper, and then examine your carbon copies. The top one will show clear enough but the others will be faint and blurred.

Monarch *Light Touch*

This simple demonstration illustrates the light touch principle of the Monarch Typewriter. The action of the Creeping Fulcrum of the Monarch type bar is such that it throws the type face against the paper with a quick tap—not a slow push. This means clear impressions on the maximum number of carbon copies.

Monarch "Light Touch" is more than a mere talking point. It is a mechanical fact, and is one of the recognized features of the Monarch Typewriter. We are always glad to demonstrate this and other valuable features of the Monarch, and request those interested to write us for illustrated, descriptive literature.

We can arrange for a demonstration of the Monarch in your own office.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meetze, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy.

Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it.

It may be just the medicine you need.

WHY A BOND ISSUE?

A CATECHISM ON THE WHYS AND WHEREFORES OF THE BONDS.

WM. HIRTH IS TO SPEAK

Will Make a Talk On the Road Proposition at the Chautauqua Two Days Before Election.

Wm. Hirth of Columbia, president of the Missouri Commercial clubs and publisher of the Missouri Farmer, will speak on good roads and what they mean to community on Tuesday afternoon, August 12, at the Maryville Chautauqua. The speech will probably be given about 4 o'clock that afternoon. This will be just two days before the election day, which is Thursday, August 14.

The following is a catechism of the bond issue:

Q.—What is the amount of the bonds to be issued?

A.—$50.000.

Q.—When is the election to be held?

A.—Thursday, August 14.

Q.—What rate of interest will the bond issue draw?

A.—Not more than 6 per cent.

Q.—How long will the bonds run?

A.—For fifteen years.

Q.—How will the money be used?

A.—For the construction of permanent roads, particularly the building of concrete culverts.

Q.—Under whose direction will the work be done?

A.—The township board and the county highway engineer.

Q.—How will the money be disbursed?

A.—By warrants issued by the township trustee on accounts approved by the county court and the highway engineer.

Q.—How are contracts let?

A.—The county highway engineer prepares a blueprint and estimate on each separate job. The blueprint and estimate are filed with the county court and will be used in making requisition on the state treasurer for an amount of money equal to that expended by the township.

Q.—Why is this done?

A.—The state agrees to furnish an amount equal to that spent by the township for permanent road work.

Q.—When do we get this money from the state?

A.—We get the money as soon as it is collected by the state from the automobile and stamp taxes. The money is appropriated from time to time as it accumulates. Recently the county has received $1,906 on requisitions made by Union and Hughes townships.

Q.—What will the tax on these bonds amount to per year on each acre of land in this township?

A.—Two and a half cents.

Q.—Will the permanent road work cover the entire township?

A.—Yes.

Q.—While we are voting only $50,000 in bonds will it really provide $100,000 for permanent road work?

A.—Yes, except that it will probably be several years before all of the $50,000 from the state will be received.

CHAUTAUQUA AT HOPKINS.

Will Open On Wednesday For a Five Days' Session—One at Burlington Junction on Thursday.

The Chautauqua will begin at Hopkins on Wednesday in the new Hopkins park and all arrangements are completed for the opening of the five days' assembly. The program for the first day consists of music by the Anitas singing orchestra and a lecture by Fred J. Clark, his subject to be "The Human Yardstick." This will be in the afternoon, and at the close of the program an organization of Seton India work for the children and preparation for the jaunts and games. The evening program Wednesday will be given by the Anitas singing orchestra, consisting of vocal and instrumental music.

The Chautauqua on Wednesday evening will be attended by a number of people from Maryville who are to go to that place to advertise the Maryville Chautauqua, to be held August 9 to 17.

The assembly at Hopkins is put on by the Vawter system.

The Burlington Junction Chautauqua will open on Thursday for a five days' session. The same company that is putting on the Chautauqua at Hopkins is furnishing the program at the Junction.

HIS MOTHER DEAD.

H. C. Bower's Mother Died in Council Bluffs, Ia., on Monday Evening—Funeral at Shenandoah.

H. C. Bower of the Bower hardware store received word Monday evening of the death of his mother, Mrs. T. S. Bower at Council Bluffs, Ia., on Monday evening at 5:30 o'clock. The funeral services will be held at Shenandoah, Ia., on Thursday afternoon at 2:30 o'clock at the Methodist church, the services to be conducted by Rev. A. E. Griffith, a former pastor of the church. Mr. Bower will leave Wednesday evening for Shenandoah to attend the services and Mrs. Bower will go Thursday morning. Mrs. Bower was 72 years old.

CAR CAUGHT FIRE.

Front Part of Automobile Destroyed in Fire On Monday Night.

The car of "Doc" Thompson caught fire Monday night while he was driving it in the country, and was badly damaged. The engine began to backfire and the sparks ignited a rag, which had become soaked with gasoline, that was wrapped around the carburator to keep out the dust. The flames from the rag set fire to the engine and body of the car, and before it could be put out the front part of the body had been destroyed. The car was an old Reo. The engine is not damaged beyond repair.

SUES INSURANCE COMPANY.

Mrs. Laura E. Cloud Seeking $1,500 From Accident Insurance Company.

A suit was filed on Tuesday by Wright & Ford for Mrs. Laura E. Cloud against the Royal Casualty Insurance company for $1,500 damages. The petition states that the plaintiff met with an accident while the insurance policy was in force, and that she is entitled to $50 a month for thirty months, according to the terms of the policy. The accident happened May 14, 1910.

W. E. Bell and Miss Sarah Yancey of Liberty, Mo., who have been guests of Mr. and Mrs. Albert E. Bell, left for their home Tuesday morning.

LECTURES FRIDAY

SPECIAL ALFALFA TALKS ON DEMONSTRATION FIELDS.

75 PROMISES FOR ONE

Interest in Subject Continues to Grow—Six Lectures to Be Given by Men On Burlington's Special.

Arrangements are completed by the Commercial club for alfalfa day in Maryville, on Friday, August 1. The special will arrive in the city at 4 o'clock in the afternoon, coming here from Barnard, and will leave the city at 6 o'clock for Hopkins, where they will spend two hours. The alfalfa special left Osceola, Ia., on Monday and are making stops at a number of towns in Southwestern Iowa and Northwestern Missouri.

The special is in charge of the Burlington railroad, who is carrying on the alfalfa campaign in co-operation with the state agricultural college and the extension division of the International Harvester company. They are urging that alfalfa should be grown on every farm as it is the most valuable forage crop and as it enriches the land.

There are to be six lectures on the special train that arrives here, and alfalfa lectures will be given at six places close to Maryville between 4 and 5:30 o'clock on that day.

P. G. Holden of Iowa is one of the lecturers and the community or neighborhood that secures the largest number of promises from the farmers to attend that meeting will be the one that will secure Holden. One community has seventy-five promises and another one thirty-six.

The places where the alfalfa lectures and demonstrations will be held are as follows:

Normal farm at end of Prather avenue.

Elmer Fraser farm, three miles east of the city.

L. V. Moore farm, in the Harmony church community.

Harry Wamsley farm, six miles south and a half mile east of Maryville.

A. J. Holt farm, one mile west and one mile south of Wilcox.

John S. Miller farm, in the Rockford neighborhood.

Elmer Fraser, who has been raising alfalfa for some time, will have demonstrations of his own on that day and has invited all to come to his farm after 2 o'clock that afternoon to see his crop.

The special is also to be in Clearmont, Burlington Junction, Quitman and Skidmore on Wednesday, August 6.

W. W. NEWLON VERY ILL.

Former Banker of Nodaway County in Critical Condition at His Home in California From Ulcerated Tooth.

Mrs. J. V. Embree, living southwest of Maryville, has been receiving word daily for the last two weeks regarding the condition of her brother, William W. Newlon of Pacific Grove, Cal., who is critically ill from the effects of an ulcerated tooth. Abscesses formed all over his body from the tooth and do not yield to treatment. It is not thought he can recover. His son, Harry Newlon of San Francisco, has been with his father several days. Mr. Newlon has one other child, Mrs. Anna Cooper, who lives in Pacific Grove.

Mr. Newlon was for quite a number of years in the banking business in Nodaway county. He was with the First National bank of this city, then with the Jackson bank at Clearmont, and later with one of the banks in Burlington Junction. He went to California about seventeen years ago. He will be well remembered by the older residents of this city.

ON "PERSONALITY"

A CHARMING LECTURE ON THAT SUBJECT TUESDAY MORNING.

SAYS IT'S GREAT ASSET

Dr. Winship Will Speak Tuesday Night in the Christian Church On "Getting in the Game."

Dr. A. E. Winship of Boston gave his third lecture at the Normal this morning. It was on "The Personal Element in Life," and in it Dr. Winship brought out as the main thought the fact that personality is developed, not born in people. He went on to say in part:

"The thought common among people is that personality is born with certain persons, when, in fact, it is a thing they have developed to a greater or less degree. It is like the girl or woman who always appears so neat and attractive. It seems unnecessary that she should look in the glass, when in reality she does so more than others do. So the greatest personalities are those that have been developed the most. The personal element is the greatest factor in education, and it behooves the teacher to develop his personality to the utmost."

Dr. Winship showed that personality is not solely a human attribute, but extends to other things. He called attention to the personality of the city of Chicago. Chicago has gained this attribute by deliberately building for it. For instance, although it is the greatest railroad center in the country, everyone who goes through the city is compelled to change cars there. This makes many people acquainted with Chicago who would not be otherwise, and helps to make it the important city that it is.

The speaker also brought out the fact that strong personalities are dominating, but he showed that dominating and domineering are two different things. The former is a worthy thing, but the latter should be avoided.

Dr. Winship will lecture at 8 o'clock tonight in the Christian church, as announced yesterday. His subject will be "Getting Into the Game." The lecture will be free, and should draw a large attendance.

THE ROSS FUNERAL.

Services Held Tuesday Afternoon by Rev. S. D. Harkness—Interment in Miriam Cemetery.

The funeral services for Miss Ethel Ross, who died Sunday afternoon in the Wesley hospital at Kansas City, were held Tuesday afternoon at 2 o'clock at the home of Mr. and Mrs. S. H. Kemp, conducted by Rev. S. D. Harkness of the First Presbyterian church.

A quartet composed of Miss Marie Jones, Miss Jeannette Mutz, Mr. Harry Mutz and Mr. P. O. Landon, with Miss Lucile Airy at the piano, gave the music.

Interment took place in Miriam cemetery, by the bodies of the mother and a sister of the deceased. The pallbearers were Mr. F. P. Robinson, Mr. Clive C. Graves, Mr. Edward W. Keck, Dr. Harry L. Stinson, Dr. Earl C. Braniger and Mr. LeGrand Gann.

The services were well attended by old Maryville friends of Miss Ross and her family and two friends from Kansas City were here, Mr. R. L. Bishop and Mrs. E. A. Hill, formerly Miss Glen Lucas of this city.

New Steel Ceiling for Church.

The ice cream social given Saturday night at Bedison by the Christian church there cleared $22.40. This amount will be used toward a new steel ceiling for the church building.

Called by Mother's Illness.

M. D. Kemp, living north of Maryville, left Monday evening for Bowen, Ill., having been called there by the illness of his mother, Mrs. Mary Kemp.

The Normal School Presents

Dr. A. E. Winship

To the citizens of Maryville tonight at the Christian Church, 8 o'Clock, subject: "Getting in the Game".

OVERDROVE A TEAM OF HORSES.

Tom Wharton Arrested at Conception by Gabe Purcell and Now in the County Jail.

Constable Gabe Purcell of Conception Junction arrested Tom Wharton Monday night, charged with overdriving a team of horses. He was brought to Maryville and is now in the county jail and will be arraigned at the September term of circuit court.

The man secured the livery team from the McCullough livery stable in Stanberry Monday afternoon about 1:30 o'clock. He said to the proprietor of the barn that he was going to the John Allen farm, near Clyde. The livery stable man warned him not to drive hard or fast as it was a hot day. A man by the name of Cunningham of near Stanberry accompanied Wharton on the trip, and it is said that the team was badly used.

Mr. McCullough heard of the team being used badly and left Stanberry in a car and drove to John Allen's place. There he saw the team. He took Wharton to task, and in the encounter Wharton drew a knife and cut McCullough on the breast and also on the face. This was about 9 o'clock last night.

TO MAKE RUN TO HOPKINS.

The Second Day's Tour to Be to Pickering and Hopkins by the Boosters.

The second day's tour of the auto boosters for the purpose of advertising the Maryville Chautauqua, August 9 to 17, will be to Pickering and Hopkins. The party will leave Maryville at 6:15 o'clock in the evening and the band will be taken along to give music at both of the towns.

At Hopkins the Maryville party will attend the Hopkins Chautauqua, which will be their first day.

The first tour of the boosters was made this afternoon and they went to Ravenwood, Parnell and Sheridan. They left Maryville about supper time and took along their lunches, which will be eaten on the way. The band was also taken along.

The schedule for the other day tours have not as yet been arranged. But each town in the county will be visited.

The tours are being made in the evening on account of being more pleasant, and as more can go at that time on account of the day's work being over.

G. T. ORME DEAD.

Body Brought to Maryville Tuesday From St. Joseph For Burial—Resided Here Several Years.

The body of G. T. Orme of St. Joseph, who died Saturday after a long illness of a complication of diseases, was brought to Maryville Tuesday noon for burial. A brief burial service was held at Miriam cemetery at 12:30 o'clock, conducted by Rev. S. D. Harkness of the First Presbyterian church, where a son, Frank Orme, who died twelve years ago in Maryville, and a daughter, Mrs. Louella Frymier, who died seven years ago in St. Joseph, are buried. Accompanying the body from St. Joseph were the widow of the deceased, and the three surviving children, Misses Nellie and Myrtle Orme and Mrs. J. M. Dew, and Mr. Dew, also a brother, J. E. Orme of Chariton, Ia. The Orme family moved from Maryville to St. Joseph about seven years ago.

Funeral services were held at the family home in St. Joseph Monday morning. Mr. Orme was 65 years old, had been district organizer for the Knights and Ladies of Security for a good many years. He is also survived by a sister, Mrs. Margaret Houston of Pickering, and two brothers, Nathaniel Orme of Hopkins and J. E. Orme of Chariton.

Relatives present at the burial services were Mr. and Mrs. N. Orme, Mrs. F. H. Orme, Everett Orme, Mrs. J. E. Orme, Mrs. William Pettyjohn and Henry A. Russell and family of Hopkins, Mr. and Mrs. Albert Orme of Barnard; Mr. and Mrs. Edgar Houston and Mrs. Margaret Houston of Pickering, Mr. and Mrs. Albert Gorton of Maryville, and Rev. and Mrs. J. A. Carmichael of Mt. Ayr.

To Mark Hanna's Son's Sale.

Harold Bellows left Sunday morning for Chicago to attend the closing out sale of Shorthorn cattle that will be held there on two days of this week by Dan Hanna of Ravenna, O. This will be one of the most notable cattle sals held in the country. Mr. Hanna is a son of the late Mark Hanna of Ohio, the national Republican party dictator for a number of years.

DR. NEELEY AGAIN

STATE'S ATTORNEY IS AFTER HIM SECOND TIME.

STILL HAS WIFE NO. 2

Elmo Physician Failed to Keep Word Made With Wife No. 1 in Supposed Reconciliation.

Dr. J. E. Neeley of Elmo was arrested Tuesday morning by Sheriff Ed Wallace on a charge of bigamy. Sheriff Wallace and Dr. Neeley came to Maryville in Mr. Neeley's car this afternoon.

The information against Dr. Neeley was issued by Prosecuting Attorney George Pat Wright.

A bigamy charge against the Elmo physician was dismissed on June 21 by Mr. Wright, as at that time he had assurances that a reconciliation had been effected between Mrs. Neeley No. 1 and the doctor, and then Mrs. Neeley requested that the charge be dropped. The conference between Dr. Neeley and Mrs. Neeley No. 1 took place in the office of Mr. Wright in his presence, and at that meeting the doctor agreed to do a number of things. Also at that time Mrs. Neeley No. 2 was away and had been for a month or so.

After the conference Dr. Neeley returned to Elmo and Mrs. Neeley No. 2 to Calhoun, in Henry county, Mo. She was to move to Elmo within a few weeks. But a few weeks ago Mrs. Neeley No. 2 appeared again at Elmo and lived with the doctor. About a week ago Dr. Neeley took Mrs. Neeley No. 2, it is said, to Clarinda, Ia., and since that time she has been away from Elmo. It is understood that she was taken away as considerable talk was being done by the Elmo people. And moreover, it was said that the doctor failed to live up to his agreement and was doing nothing toward a reconciliation with Mrs. Neeley No. 1. So an information was issued and the case will come up at the September term of circuit court.

Dr. Neeley married his first wife twenty years ago. After living with her up to a few years ago he came to Nodaway county and settled at Conception Junction. At that place he married a woman he had known for some time, and who had worked for him in Henry county, Missouri. The second marriage took place in Maryville about a year or so ago. Dr. Neeley was always of the opinion that he had been divorced from his first wife. At least he saw it in a Henry county paper. That's the reason he married again, he said. But it developed that he was not divorced and that he had two wives. His first wife instituted proceedings against him at once in this county, charging him with bigamy. The case was dismissed in June.

Dr. Neeley left Conception Junction and moved to Elmo, where he has been located for some time.

Dr. Neeley gave bond for $500 for his appearance at the preliminary hearing, which will be on August 7, before Justice of the Peace R. L. McDougal. Dr. Neeley's attorneys are Cook, Cummins & Dawson.

DR. THOMPSON IN THE CITY.

It is Reported That He is Slated For the Superintendency of St. Joseph Hospital.

Dr. George B. Thompson of St. Joseph was in Maryville Tuesday. The report i sthat he is slated for the superintendency of the state hospital No. 2 at St. Joseph. Dr. Pettijohn, the present superintendent, does not go out of office until June, 1914. Dr. Thompson called upon George B. Baker, who is a member of the board of managers of that institution.

BOY IS STILL UNCONSCIOUS.

Ravenwood Lad Who Fell On Rock is Still in Critical Condition at Hospital Here.

Clarence Marker, the boy who fell from his bicycle near Ravenwood Sunday afternoon and struck his head on a rock, is still unconscious at St. Francis hospital. The blow caused a concussion of the brain, and when Dr. Leslie Dean operated this morning he drew an ounce of fluid from the spinal cord.

POLITICAL NOTES.

(From the Democratic Bureau.)

August 20 and 21 will be good roads days in Missouri. Business men who are unable to spend the days on the highways should hire substitutes. Governor Major, who believes hard work will get better results than hot air will set the pace by wielding a pick and shovel at the head of a crew of Cole county volunteers. The governor was raised on a farm. He knows the need of good roads and their value to both business men and farmers and is proud of the fact that more money will be spent by the state in the cause of better highways during his administration than during any two other administrations in the history of Missouri.

* * *

Republicans everywhere are very much annoyed at their failure to disturb the harmonious spirit characteristic of Missouri Democrats in recent months. With the national and state administrations measuring up to every platform pledge and aggressively carrying out progressive policies for which the party has so earnestly contended, there is every incentive to boost and no occasion whatever for strife.

SHAKESPEARE OF JAPAN.

Born Century Later Than Bard of Avon He is Still Power.

This title is applied by his countrymen to Chikamatsu Monzaemon, who, born nearly a century later than Shakespeare, is credited with being both the creator of the Japanese drama and the most prominent figure in its history. His plays, of which the fifty-one still in existence are said to be only a portion, were first written for a marionette theater at Osaka. While they cover a wide range of subjects, the author seems to have had a perdilection for tragic episodes. These facts and those which follow are gathered from an article by H. Kazumi in the Japan Magazine (Tokio, June).

Chikamtasu's origin and early youth, we read, are still involved in some obscurity, but most of his biographers agree that he was born in 1653, of samurai stock, in the little village of Hagi, in Chosu, and that, like the great Japanese violinist, Bakin, he afterward renounced his class and became a ronin. These ronin, or masterless samuri, says Mr. Kazumi, "were the terror of medieval Japan." Just how he came to turn his attention to play writing is not made clear, but "in 1690 we find him associated with the marionette theater in Osaka," and here "he laid the foundation of the modern stage in Japan."—Literary Digest.

THE POULTRY MITE.

Greatest Poultry Enemy During the Summer—Are Small, Transparent Insects.

H. L. Kempster of the Missouri agricultural experiment station writes as follows on the poultry mite:

Mites are the greatest poultry enemy during the summer. They are small, transparent insects that infest the poultry houses. When gorged with blood they appear red and thus are known as the red mite. Frequently they occur in large patches in cracks and dark places about the buildings. One rarely finds them on the fowls. They remain in the house during the day and crawl on the bird at night, feeding by biting the skin and sucking the blood. They breed best in dark, damp places and multiply very rapidly.

The Missouri college of agriculture offers the following suggestions for preventing and eradicating mites. The first step is to construct a poultry house so that it has an abundance of light. There should also be a liberal amount of ventilation so that the house is perfectly dry. Windows should be screened so that sparrows cannot bring them from infested quarters. Absolute cleanliness will deprive them of places favorable for their breeding.

Application of remedies should be made to the house and roosting quarters. Scalding the roosts is not as effective as disinfecting with some of the coal tar disinfectants. Whitewashing the house, painting the roosts with creolin or kerosene oil will keep down the infection. Arranging the roosts so that the mites are unable to crawl on them, setting the ends of the roosts in oil cups, grooving the roost so it will hold oil and patent roosts are suggested remedies.

Light, dry, well ventilated quarters, kept thoroughly clean and disinfected weekly will keep them down. Close watch should be made to find the first few. It is much easier to eradicate them then than it is after the infection becomes serious.

Kindly make note of the fact that Mr Mulhall's revelations are embarrassing nobody except certain gentlemen who were serving the trusts when they should have been serving the people. Make special note of the additional fact that all these gentlemen are Republicans.

The New Sectional Fire Pot

The Acme of Perfection

The WIER Fire Pot has been entirely reconstructed; the air space back of it having been reduced one-half enlarging the diameter of the pot and increasing the amount of grate surface. This also greatly intensifies the gas burning feature which in the past has proven such a wonderful success in the WEIR.

We call particular attention to the self-cleaning feature. The ribs on the back of the pot forming the divisions of the channels or air passages are now pitched downward so that any dust or ashes which might accumulate thereon will be deflected into the ash pit. The weight of the pot has been increased considerably, all of which will assist in prolonging the life of it immeasurably. It is still built on perpendicular lines, but is now corrugated on both sides, allowing of a more equal expansion and contraction and of a grate surface exceptionally large in proportion to the bed of fuel. There is, therefore, the least liability of fuel packing, and freedom from the forming of clinkers. It is made sectional, any part being easily replaced through the feed door, and does not require taking down of the entire furnace and casing to repair it, as is the case with all other furnaces.

TARKIO MAN IN TROUBLE.

Milligan, Who Posed as a Son of David Rankin, Was Arrested in Fort Smith, Ark.

The following dispatch is from Fort Smith, Ark.:

After spending three days in playing a "Coal Oil Johnny" game, James Franklin Milligan of Tarkio, Mo., and son of a business man of Milton, Okla., was today lodged in the city jail on three charges of petit larceny.

Milligan met a crowd of picnickers at Sanbers lake Sunday and proceeded to purchase confectionery and drink stands for his new found friends. He chartered a launch and spent money at a lightning rate. On the trip home he purchased all of the supplies of a news butcher and distributed them among the picnickers. Occasionally he flashed mammoth rolls of money. On the train, officers say, he extracted $5 from a young woman's pocketbook, telling her it was a joke and that he would return it later. She says he failed to keep his promise.

Milligan represented he owned a seven passenger touring car, in which he drove about the city, but John Patterson of Fort Smith says that after he had given Milligan a check on a fake wager he found that Milligan had paid the auto hire with the check. Patterson had a hard time digging up enough money to take care of the check which Milligan said he wanted to keep as a souvenir of the best time he had ever had in his life.

Among Milligan's acquaintances here was Mrs. Frank Manard of Butler, Mo. He started to take her and her children to a passenger station in his auto. The machine broke down and they missed the train. Milligan sent them to one of the leading hotels of the city, took possession of the woman's money, she says, for fear she would lose it, and then left them stranded.

Newspaper clippings found in Milligan's pockets show he was arrested two years ago at Council Bluffs, Ia., a few hours after he had wedded the daughter of a wealthy banker. He represented himself as a grandson of David Rankin of Tarkio, Mo., one of the leading farmers of the world. Milligan was arrested for horse stealing at that time. The arrest was made at his wedding banquet.

The clippings also state that a friend loaned Milligan sufficient funds to pay the officiating minister after Milligan found he had left his purse at home.

Defeated by Conception.

The Maryville All-Stars went down to defeat at Conception Sunday, despite the fact that the Maryville All-Stars were in Hopkins that same day and were defeated there. The team which played at Conception is a different team from that which played at Hopkins, there being too many stars for one team.

The game at Conception was a see-saw affair, and ended with Maryville holding the short end of an 8 to 7 score.

Darling started things when he hit a home run. For four innings the score stood 1 to 0 in favor of Maryville, and then in the fifth the All-Stars added four more runs to it. Conception came up strong in the sixth, tieing the score. In the eighth each team tacked up two runs, making the score 7 to 7. Luck broke unevenly in the last inning, and Conception reached the plate twice as against the All-Stars once.

The battery for the All-Stars was Conley and Wiles. Conley allowed seven hits, gave two bases on balls and hit one batter.

PICKERING ITEMS.

(By E. V. Dueker.)

The regular meeting of the Union Forum was well attended last Saturday evening. The various musical numbers were much enjoyed. Everyone enjoyed the music and pictures of the Talk Chalk company, from the cheers given Old Glory to the laugh that greeted the motto offered to the depressed. The next meeting of the Forum has been set for August 23, at which time this question will be debated: Resolved, that the California alien land law should be upheld by the United States government.

Howard Leach has been engaged to work for the Wolfers Mercantile company.

Misses Ottilia and Elfrieda Dueker are spending a few days this week at Skidmore, attending the tent meeting.

Came to Friend's Funeral.

Mrs. E. A. Hill of Kansas City, who came to attend the funeral services of Miss Ethel Ross, is the guest of her cousins, Mr. and Mrs. W. A. Bailey. Mrs. Hill, who was Miss Glen Lucas, is the daughter of Mr. and Mrs. W. F. Lucas, formerly of Maryville.

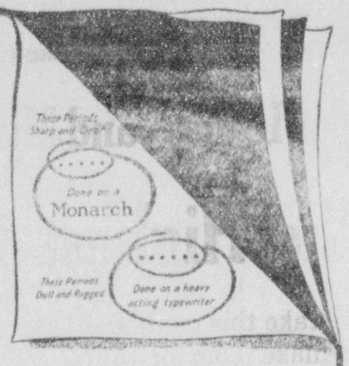
The Carbon-Copy Test that Proves the Superiority of the work produced by the Monarch.



Try this experiment: Take several sheets of writing paper with carbons between; place them on a flat surface and *drop* a lead pencil, point down, from a height of 18 or 20 inches. Note the clearness of the dot, even on the bottom sheet. Now make a dot by *pressing* the pencil into the paper, and then examine your carbon copies. The top one will show clear enough but the others will be faint and blurred.

Monarch *Light Touch*

This simple demonstration illustrates the light touch principle of the Monarch Typewriter. The action of the Creeping Fulcrum of the Monarch type bar is such that it throws the type face against the paper with a quick tap—not a slow push. This means clear impressions on the maximum number of carbon copies.

Monarch "Light Touch" is more than a mere talking point. It is a mechanical fact, and is one of the recognized features of the Monarch Typewriter. We are always glad to demonstrate this and other valuable features of the Monarch, and request those interested to write us for illustrated, descriptive literature.

We can arrange for a demonstration of the Monarch in your own office.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meetze, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy.

Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it.

It may be just the medicine you need.
